

Speaker's Biography

Megan Smith, CO

Megan received a BS in Biomedical Engineering from Indiana University Purdue University at Indianapolis (IUPUI) in 2008 and then went on to receive her Certificate in Orthotics from Northwestern. She is currently the Director of Clinical Research for Surestep. Her research focuses on pediatric development, orthotic solutions, new technology and gait analysis. Megan has spoken at several national conventions, including AOPA, APPTAC and ACPOC. Megan regularly presents to and educates orthotists and physical therapists across the country about pediatric development, gait deviations and orthotic solutions.

Megan Smith, CO is employed by Surestep. Surestep a 100% employee owned ESOP company. Surestep educational courses, including our participation in the "Mary Massery's Breathing course," are designed solely to educate attendees on the topic and not promote the business/product in any way.
